

## Covid-19 Americas Travel and Containment Information Sheet

17.03.2020

**Analyst Message:** The FGA Security Team has reason to believe that many governments will enact or continue to enact new emergency measures in the coming days if not hours. We will continue to update you as best we can.

**Disclaimer:** Falck Global Assistance adheres to the advice of local health authorities and the World Health Organization. Events regarding Covid-19 are subject to rapid change. Travelers are advised to follow the advice of their local health authorities.

**About:** The following is a brief overview of travel restrictions and containment measures for countries in the Americas. This is a work in progress and efforts are being made to improve the collection and centralization of relevant inputs. Data collection was performed manually, and sources include national foreign ministries, embassies and consular missions abroad, and select newspapers of record.

**Note:** Keep in mind, information on this sheet is subject to rapid change. *This should be referenced as a starting point only.* **Travelers and their stakeholders are strongly encouraged to perform regular due diligence on travel destinations and transit routes before embarking on international travel as containment measures and travel restrictions change by the hour.**

| Country   | Travel Restrictions and Containment Measures   | Recent Developments                           |
